
Ulster County, NY – Professional Position

The Ulster County Resource Recovery Agency is a local public authority of the State of New York whose mission is to protect public health and the environment and to promote sustainable materials management practices in Ulster County by efficiently managing solid waste materials with a focus on resource conservation.

The Agency is seeking an **Executive Director** to lead the Agency in the next phase of the Ulster County Solid Waste Management Plan. The Executive Director reports directly to the five-member Board of Directors and is responsible for but not limited to policy recommendation and implementation, efficient and environmentally sound operations, regulatory compliance, maximum diversion practices, communications, personnel management, and union labor relations.

Interested candidates may view the detailed job description on our website at: <https://ucrra.org/employment/>

It is the policy of UCRRA to grant equal employment opportunity to all qualified person without regards to age, race, color, religion, marital status, political affiliation, sex, or national origin.
